

# VentureNest Mentor Mobile App Roadmap

## Mentors Connection Mobile Application Progression Specification

---

### 1. Module Overview & Purpose

The Mentors Connection Mobile Application (Port 3001) enables mentors and advisors to review student startup submissions, inspect pitch decks, provide structured ratings, and answer Q&A; help calls.

### 2. Future Progression Roadmap

- Feature 1: Voice-to-Text Advisory Notes — Dictate feedback while reviewing student decks on mobile.
- Feature 2: AI Risk Detector — Automatically highlights financial & market risk flags before mentor review.
- Feature 3: Mentor Availability Management — Set office hours for student booking.
- Feature 4: Multi-Mentor Panel Review — Co-review student pitch decks with co-mentors.

### 3. Engagement Tracking Protocol

- Mentors can view their total active student interactions on their mobile profile.
- Reviews submitted via mobile app automatically log the Mentor Name and Student Name to the Backend Bridge.
